**DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE:** The following is a statement in nontechnical language of the substance and purpose of the intended rulemaking and the principle issues involved:

This an expanded rule for Idaho Administrative Procedures Act (IDAPA) 47.01.01 Rules Governing Vocational Rehabilitation Services and is necessary because of the removal of IDVR's Field Services Policy Manual, which was a document incorporated by reference. It further aligns the program's policies with the Rehabilitation Act of 1973, as amended by the Workforce Innovation and Opportunity Act (WIOA) of 2014, P.L. 113-128. IDVR streamlined the rule, eliminating internal IDVR staff procedures and systematically reorganized the document for better readability.
